

## Coil Heaters - Internally Coil Heated Nozzle Replacement

PCS Company's replacement heaters for the Internally Coil Heated Nozzle. These 120v or 240v heaters have internal thermocouples that are either J or K type. The 40" leads are protected by strong stainless steel sheathing.

### Features:

- Heaters have internal thermocouples in either type J or K
- 120v or 240v options
- For 5", 6", 7", 8", 9", 10", 11", and 12" OAL Internally Coil Heated Nozzles
- 40" stainless steel protected leads
